The Dy. Comm'r estimates his probable requirements as 2000 pallas of ragi. The only large stock available is at the Provincial Grain Depot, Bangalore where we have 2427 pallas. The stocks in other places are inconsiderable and such as they are will probably be just sufficient to meet local requirements. In my letter No 2996 of date, I have solicited orders of Govt to issue 250 pallas of out of the stock at the Bangalore Provincial Depot to the Forest Deptt. in Connection with the Khedda operations. This will reduce the Stock to 2177 pallas. As some stock will have to be kept in reserve to meet any sudden and unexpected emergency which might arise, it will not be possible to supply the requirements of the D.C. Mysore in Connection

With the Khedda Camp. He may therefor be permitted to make his own local arrangements for procuring the required quantity.

In this Connection I may state that the Food Controller's suggestion contained in his letter No 1604 dated 18.7.19, (H 467 in the Ref^ce file No 134-18 placed below which Govt order No 9 2327/PP 134-18-668 dated 28.7.19 (which the D.C. now desires to be withdrawn) was passed, had reference only to discouraging "Competitive purchases on behalf of Govt", such as was proposed at the time by the D.C. at the instance of the Amildar Mandya, and not to stopping all purchases altogether — at any rate purchases to meet an Extra-ordinary situation such as the present one (the Khedda Camp).

I think the D.C may be permitted to buy up to 1000 pallas.

The new jola crop - which is said to be a very good one in the Mysore Dt - will be coming in soon & perhaps some 500 pallas of jola & 500 pallas of ragi maybe bought for use for the Camp purposes.

Office of the Deputy Commissioner,
Mysore District.
Dated, Mysore, 4th August 1919.

From

P.F. Bowring, Esquire,
Deputy Commissioner,
Mysore District.

To

C.S. Balasundaram Iyer, Esquire, B.A.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

Sir,

I have the honor to bring to the notice of Government that in view of the Viceregal Visit there will be thousands of persons employed during the next few months at the Karapur Camp and the Kheddas. The Khedda coolies alone will pr[illegible]y number 5 or 6000 while I understand some special buildings will be put up at Karapur and a large number of persons will be employed in this and other camp work in general; it will be necessary to provide a sufficiency of food stuffs to feed all these people and not to run the risk of a strike supposing the supply of food should run short.

2. I would therefore request Government to allow me to make provision to have a stock of food-grains in readiness for emergencies. As the Deputy Commissioner of the Mysore District is held responsible for local food supplies during the Viceregal Visit, I must be prepared in time.

3. I propose to open a Depot to store rice and ragi either at Mysore or Heggadadevankote. Supplies of Burma rice will be got through the Food Controller, but as for ragi, I must provide it myself; and so, that there may be no possible chance of anything going wrong, I would strongly recommend Government to allow me to
